This arid island of 180 square miles has a population of over 100,000. The water supply is distilled sea water. We made a special effort on 80 meters, working 50 countries including JA, KG6, VU, and 4S7 with a ground plane and 300 watts to a signal one. The shack and antennas are on a 75 foot cliff overlooking the blue Caribbean. We strongly recommend the ground plane for 80 meter DX. Other antennas were a TA36 and a 40 meter dipole. 73, JOHN QSL MANAGER W3AZD</div></div>

Each year since 2003, PJ2T has been the most-logged contest in amateur radio, worldwide. We've been fortunate to have collected many contest plaques and set scoring records. Thanks for your QSOs that have helped our club reach this goal. Our QTH, called "Signal Point," is adjacent to the former Coral Cliff Hotel (now Sunset Waters). Our station is the site of the famous PJ2T operations of the past 30+ years. The PJ2T call sign is used for our contesting efforts; non-contest operations use call signs like "N1ZZ" (home call). The console whose QSO this card confirms appears below.</div><div>With towers of 100, 80, and 54 feet and multiple masts covering 6, 10, 15 and 20m and a 40m yagi at 107 feet, PJ2T can simultaneously beam toward Europe and the U.S. for contest operation. Wine, beer and beverages serve on the low bands. Indoors are four fully equipped KW stations with an Ethernet network and DSL Internet connectivity. QSL Manager for PJ2T is N9AG or LOTM. The station is available for rental when it's not being used by club members. For rental info, contact: gboward@hami.edu.</div><div><div>OTA SA-006 12.2°N 69.1° W FK524g</div><div><div>PJ2/N1ZZ confirms QSO</div><table><thead><tr><th>DAY</th><th>MONTH</th><th>YEAR</th><th>TO RADIO</th></tr></thead><tbody><tr><td>25</td><td>11</td><td>2005</td><td>EI7CC</td></tr></tbody></table><table><thead><tr><th>UTC</th><th>MHz</th><th>2-WAY</th><th>RST</th></tr></thead><tbody><tr><td>02:37</td><td>7</td><td>CW</td><td>599</td></tr></tbody></table><div>Two QSO & QSL 73, Dan</div></div><div><div></div><div>QSL SHOP 18 Ave. SE, Suite 200 Seattle, WA 98104</div></div></div></div>	DAY	MONTH	YEAR	TO RADIO	25	11	2005	EI7CC	UTC	MHz	2-WAY	RST	02:37	7	CW	599

PJ2/W3ACO

Curaçao

PJ2/W3HNC

@ PJ2T

PJ2/W3HNC operator: Joe Arcure, W3HNC **CURACAO**
CQ Zone 9 ITU Zone 12 Loc FK52kg IOTA SA-99

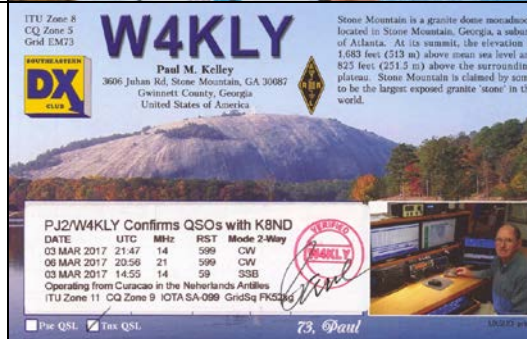

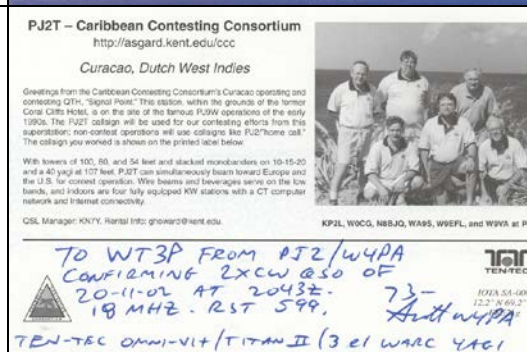

W3HNC is known to the DX community most often as a call given during a QSO on the air when working a DX station, usually expressed simply as "please QSL via W3HNC" that phrase has been magic for all of us over the years we know we can count on the QSO being confirmed easily if Joe, W3HNC is handling the DX stations QSL cards. Joe is the ultimate QSL manager.

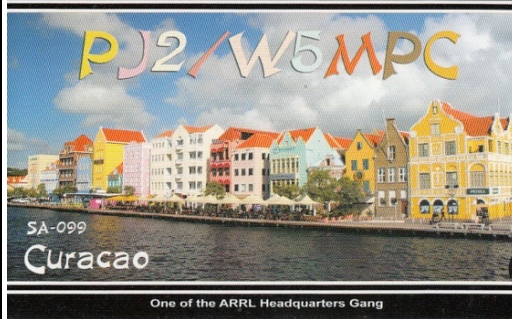

He sets an example that most current QSL managers strive to emulate. He was selected to the CQ DX Hall of Fame in 1979 for his services to the DX community over many years by giving his time, energy and resources with no thought of personal gain. Joe has handled over 500 individual call signs in his 53 years of managing QSL cards. It has been estimated that Joe has handled well over 4 million qsl cards over the years. While Joe's call is very familiar, his QSL activities tend to be very much 'behind the scene'.

This QSL is an attempt to put a face along with the call. Hopefully you will find a prominent place on your shack wall. There's nobody better in the business of QSL management and you had the pleasure to work him as PJ2/W3HNC during his short vacation from the QSL cards. Photo was taken at super station PJ2T on Curaçao.

PJ2CR	#1 1966 #2 1966	#1 WB2PGM #2 K9ECE		<div><div>CURAÇAO NETHERLANDS ANTILLES</div><div>Curacao, is the largest of the six islands comprising the Netherlands Antilles. The other five are, Aruba, Bonaire, St. Marten, St. Eustatius and Saba.</div><div>Curacao lies in the Southern Caribbean sea, 38 miles north of the Venezuelan coast. It is 1100 miles SE of Miami and 1870 miles SSE of New York. Location 12°30' N and 69° W. The island is 38 miles long, 7 miles broad at its widest and 2½ miles across at its narrowest. With an area of 173 square miles and a population of about 140,000. All year round average temperature 85° F.</div><div>The island of Curacao was discovered by Alonso de Ojeda a companion of Christopher Columbus on July 26th 1499, was first occupied by Spain in 1527. In 1634 the Dutch displaced the Spaniards. Curacao was occupied by the British during the Napoleonic wars and in 1816 was restored to the Netherlands.</div><div>Illiteracy is unknown and practically everyone on the island speak four languages namely, Dutch, English, Spanish and Papiamentu. The Shell refineries on the island is one of the largest in the world. Willemstad the capital is the 4th. largest harbour in the world (in tonnage). There are about 14,000 cars, 4 broadcasting stations, 1 television station, 3 daily newspaper. The Amateur Radio Club "VERONA" was founded in 1948. 36 calls have been issued up to 1965.</div></div>
